The Antique Farm Engine & Tractor Association established 1976

PRESIDENT'S MESSAGE

+

Well, hasn't this been an interesting year?!

First, our thoughts and prayers to Mike Moyer and Darrel Durbin who each had a stay in the hospital recently and to Deanna Durbin on her Covid-19 battle and recovery. You have all been on our minds and we hope you are doing well and feeling better!

You just can't turn on the news or open facebook without being inundated with Pandemic info; true, false, bias or not and deciphering it is nearly impossible! What's obvious is our health is most important and taking precautionary measures to ensure good health is necessity. As President of this club my goals remain steadfast to continue with a fun, successful tractor and engine club; host social gatherings and community events so we can share our hobby with each other and the public. We have a great team and I think we can find some ways to provide for better health and sanitation if that's what it takes to carry on. Once we can have some meetings we can begin planning. We are hopeful other clubs stay the course and can find creative, safe ways to keep the hobby alive.

Thank you all for your continued support and a hearty "Welcome" to our new enrollees! I ask kindly, that if you haven't yet paid your dues and are not in a hardship, that you do so by sending them to Shirley Miller our Membership Director. Our club, at this time, relies on the National for our members insurance and we should be aware that this Pandemic has undoubtedly taken a toll on the EDGETA organization with all the canceled events. We will continue to provide a newsletter, Frank's keeping the website up and if the Governor's Safe Start Plan looks to have us scheduled for the Stage 3 opening next week; with this plan in place our show is out of the running for this year. However, we will have a (no public) club picnic/gas-up/campover July 18th and short meeting at 1pm to discuss the swap meet in October! I'm looking forward to seeing you all! Dale Fye

BOARD MINUTES/GENERAL MEETING MINUTES:

No Meeting to Report on.

Our Show Grounds lay in the Heart of Mason County, Washington.

Today, Mason County is in Stage 2 with gatherings/distancing limits in place and facemask policies set for businesses. Stage 3 openings are requested and might begin June 22nd allowing less than 50 people to gather and Stage 4 openings may begin July 12th 2020 full openings with new guidelines.

This is the current and official guidelines, yet we are seeing numerous cancellations of Shows, County Fairs and events clear into the fall up and down the west coast. I won't publish a list of closures, if you are interested in an event on your calendar just call before you go.

Our scheduled show for July 10,11 & 12 2020 will be out of compliance with the Governor's Safe Start Plan as it is currently stated, simply due to the number of people we draw and the inability to have work parties in advance for show preparation.

CALENDAR OF EVENTS

July 18th Branch #245 Private Gas Up / Camp Out
Meeting @ 1pm Sack Lunch
Possible food truck for dinner ?
